which attracted more than 200,000 people last year, will play a return engagement at MECHANICS BUILDING, Boston, from December 10th to 20th, 1924.

To accommodate the enormous crowds that will want to see the best show ever given for the money, the *entire* building has been engaged. There will be many new and novel features. Further announcement will be made in good season.

A share of the proceeds will go to the  
ALEPPO TEMPLE CRIPPLED CHILDREN'S FUND

# The Aleppo Drum Corps

To WALTER W. MORRISON,  
*Potentate of Aleppo Temple:*

Complying with your request, I am submitting the following record of accomplishment of your Drum Corps:

Aleppo Drum Corps is now finishing its ninth year of continuous existence. Organized as a Drum Corps, we have from time to time added all the various instruments known to military band use.

In addition we have adapted the tenor banjo to street use by a method created in our own organization.

With the co-operation of the Wm. S. Haynes Co. of Boston we have designed and manufactured a Boehm Flute, keyed in A $\flat$ , which has the voice of the fife, but which is tonally correct, and practical to play in unison or harmony with any musical instrument. We have twenty-six of these instruments, the only ones in existence.

With the co-operation of the Peter Edwards Co., Inc., Boston, we have designed and manufactured a brass instrument to which we have given the name of "Trombet." It is similar to a trumpet keyed in E $\flat$ , has a playing range of three full octaves, and is used in our instrumentation to produce the low, unreliable, and incorrect tones of the trumpet and the high, difficult notes of the slide trombone. We have in use five of these instruments. This instrument cannot be used by other bands except with our permission.

With the co-operation of Geo. B. Stone & Son, Boston, and Henry W. Forbes, Boston, we have designed and manufactured an instrument to which we have given the name "Xylofan." This instrument is a xylophone with chromatic scale arranged in the shape of a fan, and adapted to street use. It is played with four hammers and from the same system as inaugurated for the banjos. We have nine of these instruments, with five efficient players and four additional musicians studying.

Another feature that has been added this year is what we choose to style the "Aleppo Artillery," and consists of four mammoth snare drums, 28 x 30, mounted on a two-wheel carriage, operated by four musicians, and drawn by two men. Aleppo Artillery is used for an interval step between street marches, and has an estimated volume equal to forty standard snare drums.

## REHEARSALS

My records, beginning in June, 1915, show that Aleppo Drum Corps has held 403 Monday night rehearsals. These rehearsals are held weekly throughout the year, except on a holiday, a Christmas or New Year's Eve, or when the Drum Corps has a fixed engagement on the rehearsal day. These rehearsals have only been otherwise interrupted in two instances during the World War, one at a time of heatless Mondays and one during the epidemic of sickness.

A summary of full rehearsals, taken from March 17, 1924, to September 29, 1924, inclusive, shows:

Largest attendance 140  
Smallest attendance 92  
Average attendance 121

One musician has a record of having attended 314 rehearsals. There are many members close to the 300 mark and many over 200.

It may be of interest to note the following:

In totaling the number of rehearsals held by Aleppo Drum Corps throughout the entire period of its existence, multiplied by the number of musicians present, and again by the number of hours of each rehearsal, it gives a total of 55,742½ hours of one-man service, which reduced to a cash value based on musicians' union wages shows your Drum Corps to have contributed to Aleppo Temple in service, in the form of rehearsals alone, \$139,356.25. As an illustration: For one man to do the same amount of work, working 8 hours a day and 6 days a week, it would take 22 years and 4 months.

## MEMBERSHIP

Aleppo Drum Corps has a total membership of 206 active members, 3 honorary members, and about 30

aspirants who are not yet in the Shrine, but who are working through the Masonic Bodies, and studying music at the same time, preparatory to becoming members of Aleppo Drum Corps. Our present equipment will permit us to uniform and play 180 men.

## LIBRARY

Our library consists of 236 numbers, from which we are prepared to play 229; the balance have not yet come up for rehearsal.

We have in instrumentation sufficient members to play four full military bands, one saxophone band, one fife and drum corps of 40 pieces, and our artillery.

## OFFICIAL ENGAGEMENTS

For the year 1924 up to September 27th we have played the following engagements:

ALEPPO CEREMONIAL: February 28, 1924.  
Members present, 138.

ALEPPO CEREMONIAL: May 15, 1924.  
Members present, 122.

IMPERIAL COUNCIL SESSION AT KANSAS CITY:  
May 31, 1924. One week.  
Members present, 141.

SHRINE BALL GAME, FENWAY PARK: July 22, 1924.  
Members present, 101.

SHRINE OUTING, PEMBERTON: August 14, 1924.  
Members present, 114.

SHRINE BALL GAME, BRAVES FIELD: Sept. 15, 1924.  
Members present, 99.

Reducing the foregoing official engagements to dollars and cents, the employment of commercial musicians for the same engagements, based on musicians' union wages, would total the sum of \$12,067.00.

With your permission we have accepted and played the following unofficial engagements, which invitations have without exception been accompanied by petitions signed by members of Aleppo Temple requesting our services in the interest of Free Masonry. I have strictly adhered to the policy agreed upon between us, that of giving the services of Aleppo Drum Corps free when requested by any considerable number of Shriners, so far as the members of the Drum Corps could afford to give their time, and without making engagements that closely conflict one with another. The cost of transportation and all incidentals has been borne by the organizations extending the invitations, and no expense has been attached to the Shrine other than the upkeep of the equipment.

## UNOFFICIAL ENGAGEMENTS

ANCHOR CLUB: Concert, Mechanics Building, March 23, 1924.  
Members present, 128.

SWAMPSCOTT MASONIC CLUB AT LYNN ARMORY: Parade, Concert, Ball, April 4.

NORFOLK LODGE, NEEDHAM: Parade, Concert, May 18, 1924.  
Members present, 107.

JORDAN LODGE, PEABODY: Parade, Concert, Ball, May 26, 1924.  
Members present, 112.

CAMBRIDGE LODGE OF ELKS: Parade, July 10, 1924.  
Members present, 136.

G. A. R. PASSING IN REVIEW: Reviewing Stand, Tremont Street, Boston, August 12, 1924.  
Members present, 81.

NEW ENGLAND FAIR, WORCESTER: Escort to the Governor, September 2, 1924.  
Members present, 128.

## ALEPPO DRUM CORPS—Continued

BOOST NEW ENGLAND WEEK: Concert at Mechanics Building, September 15, 1924.

Members present, 128.

NORWOOD HOME DAY: Parade, Concert, September 27, 1924.

Members present, 88.

Reduced to dollars and cents, the employment of commercial musicians for the same engagements, based on musicians' union wages, would total the sum of \$15,884.80.

We are committed to the following engagements:

October 13, 1924, KNIGHTS OF PYTHIAS: Parade and Concert at Mechanics Building, afternoon.

October 31, 1924, WHITE SHRINE CONCERT AT MECHANICS BUILDING, evening.

November 6, 1924, LOWELL MASONIC CLUB: Concert and Ball.

Estimating the number who will take part in these engagements to which we are committed up to November 7th inclusive, reduced to dollars and cents, the employment of commercial musicians for the same engagements, based on musicians' union wages, would total the sum of \$5,643.00.

### SUMMARY

The members of Aleppo Drum Corps from February 28th to November 7th, 1924, inclusive, will have contributed during the year 1924 to Aleppo Temple, and through the Temple to Shrinedom and Freemasonry, in the form of musicians' services, at rehearsals, official and unofficial engagements, a cash value of \$52,794.80.

In compiling the foregoing, no consideration has been given or estimates made of the personal expense incurred by members in the form of transportation, and time to and from rehearsals, or engagements. It is a regular practice of the members to attend rehearsals and engagements in their own automobiles, and at their own expense, coming from such distant points as Haverhill, Lowell, Lawrence, Danvers, Peabody, Salem, Lynn, Hudson, Falmouth, and Plymouth.

I have been approached by representatives of Worcester Commandery for St. John's Day, 1925, and expressed a willingness to go, but am not committed. It has been my policy not to accept engagements beyond the term of office of the fiscal year.
